

### **Profile-Mr.Abhay Nalawade**

Abhay Nalawade graduated in Physics in 1970 and obtained MBA from Pune University in 1973. In 1990 he completed a program in Management Development from Harvard Business School.

He has had a successful tenure 25 years in Thermax Ltd. - a major corporation in the energy and environment fields. He was a director on the board in from 1987 to 1992, and as Executive Director from 1992 to 1996. He led the Thermax group as a CEO & Managing Director from February 1996 to July 2000.

He is now the Founder & Managing Director of EcoAxis Systems Pvt. Ltd. This is a venture promoted by him with strategic and financial support from A.T.E. - a Mumbai based business house with operations in textile machinery, printing, and clean technologies fields. EcoAxis has created a machine-to-machine (M2M) communication platform for continuous remote monitoring and analytics for energy, water & waste water systems, and CDM projects. His professional interests are sustainable development and quality management.
